**Amnesty International's  
2009 Western Regional Conference**

*San Francisco California  
November 6-8, 2009*

The 2009 Amnesty International USA Western Regional Conference will be held in San Francisco November 6-8. Join other Amnesty International activists for an inspiring weekend affirming a full spectrum of rights and human dignity for all. The conference theme, "Free and Equal in Dignity and Rights" will highlight our recently launched Dignity Campaign. It will be held at the San Francisco Hilton where special block room rates are available.

We will launch this year's conference at Glide Memorial Church with Rev. Cecil Williams on Friday night to highlight their years of dedication in combating poverty. We are also featuring an address by our executive director Larry Cox, inspiring panels by prisoners of conscience, and much more.

***Online Registration NOW OPEN***
