- Showcasing causes that are important to you.
- Exercising your democratic right to vote on resolutions for Amnesty International USA.
- Learning from and uplifting one another!

This is NOT a space for:

How Can YOU Help?

Our goal is to create a safe, inclusive space where everyone is valued and heard. To ensure a safe space, you can...

- Encourage people to join in on discussions by keeping an empty chair or open space in your circle for newcomers to help them feel welcomed.
- Encourage and respect feedback from attendees that have different ideals and social-frameworks. Please be respectful and patient.
- Appreciate the difference between the impact and intention of your words and actions.
- Aim to learn from different perspectives. Ask questions and share with an open heart.
- Refrain from dismissing the ideas of others, especially when they don't align with yours.
- Respect personal space.
- Report to staff at Registration any misconducts or violations to these rules.
