

# JOIN THE “I OPPOSE THE MANDATORY HIJAB” BUTTON CAMPAIGN

The original buttons were made in Tehran 2018 and destroyed by the Iranian government during raids that led to several arrests. We made exact replicas. When you wear this button you express support for **the right of every woman around the world to choose what she wears, thinks, and does.**

The #FreedomButton campaign shows this idea can't be crushed.

“If the government can dictate what you have *on* your head, it can dictate what you have *in* your head.”  
- human rights attorney Nasrin Sotoudeh
