TRANS LIVES**

**ACT NOW:
TRANS RIGHTS ARE HUMAN RIGHTS**

Call on your state Governor: Protect Transgender Rights

Trans rights are human rights! Transgender and nonbinary people in the United States are being punished for their identity. They're being attacked. They're being dehumanized. And their lives are in danger. **Anti-LGBTQI+ bills across the country are inspiring violent threats and attacks against LGBTQI+ communities.** Such attacks on transgender people -- who already face a heightened risk of violence, homelessness, and poverty -- are terrifying and heartbreaking.

As your constituents, we call on you to **oppose laws criminalizing gender affirming healthcare, exclusion from athletics, and bans on LGBTQI+ curriculum.** Laws that attack LGBTQI+ people, particularly transgender people, don't make us safer. Transgender people across our state deserve to live lives of safety and dignity, and it is your duty to protect their rights, and we call on you to **fight for the rights of ALL people in our state, especially transgender people.**
