

USA: PEOPLE SEEKING SAFTETY AT RISK IN THE USA [4.25]

U.S. President Donald Trump has vowed to implement a mass deportation campaign targeting millions of immigrants and people seeking safety.

His plans will rely on mass arrests, mass detention, and mass removals of both longstanding and recently arrived people. His actions will deprive asylum-seekers and migrants the opportunity to ask for safety, throw them into arbitrary detention, return them to harm, separate families, tear apart communities, subject people to racial profiling, spread fear, and undermine human security, prosperity, and dignity.

Act Now: Help us urge President Trump to respect the human rights of immigrants and people seeking safety, and abandon his mass deportation campaign.
