

USA: STOP SEPARATION OF FAMILY SEEKING SAFETY [UA 30.25]

On March 17, 2025 US immigration authorities detained **Alberto, the father of a Venezuelan family of 4, separating him from his wife and two children.** Despite the family having pending asylum applications, he was charged with “illegal” entry to the United States, more than two years after the family’s arrival at the southern US border. A federal judge ordered him released from jail on March 20, but he was detained by immigration authorities on March 27 after complying with a letter he received to report to the immigration office.

Act Now: Call on Todd Lyons, Acting Director Immigration and Customs Enforcement (ICE) to immediately release Alberto and cease the cruel practice of family separation.
